Here Is What to Expect From Feeding ExPress[®] Soybean Meal to Lactating Cows

In a feeding trial conducted by Utah State University, ExPress soybean meal was compared to other protein sources as to their influence on yield response of cows. Below is the summary of their findings:

Criteria	Soy Protein Source			
	Solvent Extracted Soybean Meal	SoyPlus [®]	Soy Best	ExPress Soybean Meal
RUP (By-pass) as % of crude protein	30	50	58	52
DMI (Lbs./Cow/Day)	55	55	55	54
Protein source intake (Lbs./Cow/Day)	5.06	4.95	4.95	4.86
Milk yield (Lbs./Cow/Day)	77	80	80	87
3.5% FCM (Lbs./Cow/Day)	75	75	75	77
FCM/DMI	1.37	1.36	1.36	1.41
